BULLION, SPECIE &amp; BONDS.

P.O. Box, 2442.

Handy &amp; Harman.

New York July 11 1887

Mr. D. L. Fox. Sup't.  
Phila.

Dear Sir.

We are in receipt  
of your telegram. "Doubtless, hope to remit  
tomorrow", and would respectfully but  
urgently request, that you remit us  
tomorrow without fail.

We have now shipped you 240,000.00  
Silver since June 27<sup>th</sup>, on which we have  
received no advance, and the delay works  
a serious injury to us.

Had the Department advised us  
that our bullion would be locked up for  
a period of two weeks, it would have given  
us an opportunity to have made other arrangements,  
since our business with the Govt. is done for a  
very small margin of profit, which in this instance  
is converted into an onerous loss. We would therefore  
thank you to do the best that can be done.

remittance of check for  
Silas Bullock.~~

[Abstract:] Ack'g receipt of telegram "Doubtful, hope to remit tomorrow"...

Handy & Harman,  
Bullions, Specie & Bonds.  
New York,  
July 11, 1887

Mr. D.M. Fox, Supt.  
Phila.

Dear Sir,

We are in receipt of your telegram, "Doubtful, hope to remit tomorrow", and would respectfully but urgently request that you remit us tomorrow without fail.

We have now shipped you 240,000.07 silver since June 27th, on which we have received no advance, and the delay works a serious injury to us.

Had the Department advised us that our bullion would be locked up for a period of two weeks, it would have given us an opportunity to have made other arrangements, since our business with the Govt. is done for a very small margin of profit, which in this instance is converted into an onerous lop. We would therefore thank you to do the best that can be done.
